Dear Hiring Manager,

Following job description, I evaluated myself as perfect candidate for this Position. I am very competent with cutting edge technologies. I have a BS Computer Science Degree and Electronics Engineer Associate Diploma.

I Developed an Operating System in 2 different Languages(C++, D Lang) which entirely changed my thinking algorithms for Computer Science. It's like writing a new Programming Language where even printf() don't exist.

I can assure if you have seen my CV and you are going to schedule an interview with me then I will be the one to join soon. Thank you for your consideration and I am looking forward to hearing from you.

Sincerely,

Zaheer Ahmed
